

Addition/ Subtraction Facts - Summer Math Practice
Entering 3rd Grade in August 2017

Parents,

Please have your child study their addition/subtraction facts each day for 15 minutes per day. They should know how to add and subtract without using fingers by the time school starts. This assignment will be worth 50 points. It is crucial that your child knows his/her addition/subtraction facts in order to continue on successfully in math. Please sign below on one line, for every 15 minutes your child has practiced. This is due by the first day of school. Feel free to move on to 2 and 3 digit addition and subtraction if your child is ready. Thank you and have a wonderful summer!
